APTA’s popular *Business Skills in Physical Therapy: Strategic Marketing* home-study course is now in its second edition, with new ideas from author Peter R. Kovacek, PT, DPT, MSA, founder of PTManager.com, added to the tried-and-true guidance that made the first edition an APTA bestseller.

**Pass the course exam and receive .6 CEU (6 contact hours).**

**SEE WHAT’S NEW!**
- The Physical Therapist Marketing Readiness Assessment Tool for you, your team, and your entire organization
- Discussions on branding your practice and the physical therapy profession
- Updates on regulation and legislation that affect payment for services
- Guidance for using “new marketing” tools such as the Internet and social networking
- Expanded analysis of evaluating success
- Contemporary covered-coil binding that lays flat for easier reading

Look for it in the APTA online store at APTA.org/Store!

**BS-3-12**
Retail price: $103.95*
APTA member price: $61.95*

*Price includes the cost of the CEU exam—details at learningcenter.apta.org.
My APTA Secures My Future

APTA provides a strong, unified voice on the payment, federal, and state advocacy fronts. APTA tools and resources help me speak out to protect the future of the profession.

- The Legislative Action Center lets you contact my representatives to share my concerns on physical therapy-related issues.
- The Health Care Reform Resource Center keeps me informed and ready to respond to developments in the reform process.
- The Patient Action Center educates consumers about critical issues affecting my profession and adds the strength of their voices to mine.

UL CLASSIFIED

750 LB. WEIGHT CAPACITIES
tough on pathogens, 

safe on surfaces

Surface disinfection ranks high 
in daily facility management

Protecting people from dangerous and ever-more common pathogens while preventing surface damage presents a dilemma. Many effective germicides can be extremely harmful to your facility’s common and industry specific equipment.

That’s where Protex™ is different. Protex is a cleaner/disinfectant that’s effective against more than thirty pathogens including HIV, H1N1 and MRSA, while remaining safe for even the most sensitive surfaces. Available as a pre-moistened wipe or spray, Protex provides unmatched convenience.

Visit www.parkerlabs.com/protex for a complete list of uses. Protex is not available for sale in Europe or Canada.
